INTRODUCTION

I am an Information Technology student with a strong interest in software development. I enjoy building applications and continuously improving my programming skills through projects and coursework.

CLARK JEROME BRAVO

About Me

I am passionate about coding, problem-solving, and learning new technologies. I have experience in basic Python, Java, and web development, and I like creating simple, user-friendly systems. I work well in a team, communicate clearly, and always aim to improve my skills.

EDUCATION

PHINMA Araullo University

- Expected Graduation: **2030**

Bachelor of Science in Information Technology

Relevant coursework: Data Structures, Algorithms, Database Systems, Web Development, Software Engineering

TECHNICAL SKILLS

- **Languages**: Python, Java, JavaScript, HTML, CSS
- **Tools & Platforms**: Git, GitHub, VS Code, PyCharm, IntelliJ IDEA
- **Concepts**: Debugging, modular design, basic database handling, responsive web design

SOFT SKILLS

- Problem-solving
- Teamwork
- Communication
- Time management
- Attention to detail

EXPERIENCE

CLASS PROJECTS

- Collaborated on group projects, followed version control best practices, and delivered features on time.

- Communicated progress and issues with teammates and instructors.

PROJECTS

Hotel Booking System

- Built a console-based booking program that handles room selection, cost computation, viewing current bookings, and guests checkout.
- Implemented modular functions, input validation, and file-saving for persistence.
- Skills: Python, file I/O, debugging, user input handling.

Mini Cashier System

(Point of Sale)

- Developed a desktop-based POS system with a graphical user interface using Java Swing.
- Implemented features like product selection, quantity input, total calculation, and receipt display.
- Practiced event handling, table models, and user interface design.
- Skills: Java, Swing GUI, event-driven programming, basic data handling.
